

Vishnuraj P.S.

Chennai, Tamil Nadu, India

vishnubhadri@hotmail.com

SUMMARY

Results-driven **Software Engineer** with over **5.10+ years** of experience designing and implementing **high-performance SaaS** web applications. Proven expertise in both **back-end (Node.js, Java, Express.js)** and **front-end (Vue.js, Angular, HTML/CSS)** development. Strong advocate for clean code, code reviews, and **agile methodologies**. Recognized for exceeding expectations, awarded "**Gem of the Month**" twice, and skilled in **mentoring** junior developers. Committed to **continuous learning** and staying abreast of industry trends.

SKILLS

Technical Skills

- **Back-End Development:** Node.js, Java 8, Express.js, Hapi, APIs, AWS, MongoDB, PostgreSQL, RabbitMQ, KeyDB.
- **Front-End Development:** Vue.js, Angular, HTML/CSS, JavaScript, jQuery, Web Components, Micro Front-End Architecture
- **Concepts:** Design Patterns, Data Structures, Scalability, Test-Driven Development, Agile Methodologies, CI/CD Pipelines, SaaS
- **Tools:** Git, JIRA, Postman, Kibana, Datadog, Docker.

Soft Skills

- Excellent communication
- Teamwork and leadership
- Problem-solving and adaptability
- Time management and mentoring
- Willingness to learn
- Critical Thinking

EXPERIENCE

Senior Software Engineer, Samsung Electronics America, Chennai. Payroll: Altimetrik india pvt ltd	07/2023 – Present
<ul style="list-style-type: none"> Actively investigation, fixing urgent bugs and developing key features for Samsung eCommerce to ensure smooth operations. Playing a crucial role in optimizing the CPU performance of the KeyDB cache invalidation, significantly improving overall system efficiency. Optimized Samsung eCommerce APIs, achieving a 20% performance boost and improved customer satisfaction. Took the lead in developing Edge caching using Akamai and Node.js, achieving a 30% faster response time and optimizing resources by 70%. Mentored developers on best practices and conducted regular code reviews. 	
Associate Consultant, Intellect Design Arena, Chennai.	04/2021 – 07/2023
<ul style="list-style-type: none"> Awarded "GEM of the Month" twice for innovative solutions: <ul style="list-style-type: none"> Implemented a WebSocket notification system, reducing DB load by 70% and enabling real-time updates. Built a centralized UI library, increasing development speed by 40%. Developed a Micro Front-End Architecture using Vue.js, enhancing performance and scalability. 	
Software Engineer, <i>GoDB Tech Pvt Ltd, Chennai.</i>	05/2018 – 04/2021
<ul style="list-style-type: none"> Demonstrated versatility and adaptability by building full-stack applications using diverse technologies (Angular, TypeScript, Node.js, Java Servlet, J2EE, jQuery). Developed complex applications using Design Patterns and implemented both Monolithic and Microservice Architectures, showcasing architectural expertise. Trained and mentored junior developers, fostering a collaborative learning environment and solidifying leadership. 	
EDUCATION	
<ul style="list-style-type: none"> B.E. Computer Science and Engineering, Sona College of Technology, Salem, Tamil Nadu Diploma in Computer Engineering, Thiagarajar Polytechnic College, Salem, Tamil Nadu
